2 cups rolled oats
1 cup sultanas
1 apple – peeled and cored
1 teaspoon Cinnamon

½ teaspoon Nutmeg
½ teaspoon All Spice
½ cup desiccated coconut

Instructions

Throw all ingredients into a food processor except the coconut.

You will know once you have blended the ingredients enough as the mixture will come together into a ball.

Scoop mixture out into a bowl and start rolling the mixture into balls then rolling the balls into the coconut.

Once you have used up all the mixture put the balls into the fridge to firm up a little more or feel free to eat them straight away.
